In the last few years, the Parents Rep primary team, including myself, have participated in the school's councils and various commissions, as well as meetings with the Board, the Aefe, the Consulate, the school providers and all other parties involved with FIS. This with view to get the voice of the parents heard, whether they are French or of other nationalities, with children in all levels, in bilingual and non-bilingual classes, and in all campuses.

Thanks to our different family backgrounds, Vivian Au Yeung and I hope to continue to do so, whilst being attentive and responsive as well as proactive, and above all objective, in order to be representative of a majority of parents - This through serene and constructive communication with all parties. Our priority: the children, their education and well-being.

Depuis plusieurs années, la priorité de l'équipe des Parents Représentants du Primaire dont j'ai fait partie, est de faire entendre la voix des parents d'élèves, quel que soit leur nationalité, campus et classes. Ceci de façon constructive et bienveillante, proactive et surtout objective. Avec Vivian Au Yeung, nous espérons, grâce à nos différents contextes familiaux, contribuer à représenter une majorité de parents et faire remonter leurs questionnements et attentes auprès de la Direction Pédagogique, le Board et la Direction Exécutive et des Opérations. Notre priorité : les enfants du LFI, leurs études et leur bien-être.
