My name is Yves Bernard. I have 3 children in Primary in the French stream at the FIS. I have been a board member for the past 3 years. I have been very active on the sustainable development committee that has set ambitious goals for the school. Over the past 3 years I have been involved with the negotiation with the AEFÉ, with the reform of the governance of the school and wish to continue my action within the school. I wish to have a say in steering the FIS toward a more inclusive and modern school where the wellbeing of the students are staff are paramount. Maintaining our excellence is important also. This can only be achieved by listening to all the people who are highly committed to and engaged in the lifelong project of educating, enabling, stimulating and nurturing our children.
