## China boarding

Guangzhou Nanfang International School is launching boarding facilities this September for secondary students at its campus to the north east of Guangzhou in Guangdong province, southern China.

The school has been welcoming students of a variety of different nationalities to its current campus since 2014.

The school is open to students with overseas passports from the age of two-and-a-half years through to 18. It runs a Primary Years Programme for children aged two-and-a-half to 11 years, a middle years school for 11 to 14 year olds, IGCSEs for 14-16 years and IB Diploma in final years.

The school is registered with the UK Qualifications and Curriculum Authority and is a member of the Council of International Schools.

Boarding facilities will include bedrooms with ensuite for single and dual occupancy; laundry facilities; creativity, action, service and enrichment activities on weekends; and dedicated school bus pick up to and from East train station and

Guangzhou Baiyun International Airport.

There will be a variety of teachers on campus at all times, including head of boarding, dorm parents and dorm assistants, who all live on campus.

## French takes top spots

Three French International School (FIS) students have walked away with Outstanding Cambridge Learner awards for exceptional performance during last year's Cambridge IGCSE exams.

FIS student Haiyi Li was awarded top in the world for Chinese as a second language, while contemporaries Joseph Guillon and Misela Andrasuna were awarded top in Hong Kong for foreign language French and high achievement for first language French respectively. The awards celebrate the success of learners sitting Cambridge examinations in over 40 countries.

"I warmly congratulate our Outstanding Cambridge Learners whose dedication and hard work have been recognised by this fantastic achievement," said Ian Clayton, head of international stream. "Teachers and

parents who have supported and guided these outstanding young students are justifiably proud."

A further 18 students were awarded the Cambridge International Certificate in Education, with eight achieving distinction and ten merit. Forty-three per cent of students achieved eight A\* or A grades in IGCSE exams, and 97% were awarded A\*-C grades.
