

# E-Safety

Ross Armitage

Head of Primary, International Stream

# Context – Learning is fun – You never stop learning!

- IT is a great tool for learning it supports research and recording in IEYC/IPC, English and Math
- Teachers use a mixture of books, artifacts, experiments, maps, trips, out of classroom learning
- IT is taught by Paula Chan and E-Safety themes are visited often
- Abacus (math) and from September (Wordsmith and Bug clubs) will provide a mixture of online learning and hands on learning via the active learn platform
- Each year group has a teacher iPad – all classrooms have interactive whiteboards
- From September 2018 the allocation of iPad and google chrome books for each year group will be increase at JL and TKO

# E-Safety Education

- Revised E-Safety policy with student and staff expectations – signed after discussion annually
- Policy consulted on by staff, students and parent reps
- Posters on display
- Part of the IT specialist curriculum
- All staff undertook google classroom training this academic year
- E-Safety focus week
