✿ Theatre Workshop.....	15
✿ Taskmaster	16
✿ Crossroads	17
✿ Beach Clean up	18
✿ Aviation Services Research Centre Tour	19

Introduction

This booklet outlines the activities that are currently on offer for all our International Stream students in years 7, 8, 9 & 10 from Monday 26 June to Thursday 29 June 2023. These 15 activities replace all scheduled lessons for those year groups during the week.

You will see that we have been able to organise one overseas trip to Borneo. It has been difficult to schedule more due to the lack of availability of flights as well as unreasonable costs. We hope that a full-range will be available for the 2024 CAS week.

Once you have had the chance to look through the range of CAS based activities, fill in [THIS FORM](#) to indicate the activities that you would like your child to take part in. **The cut off date for this is Tuesday 18 April 2023 at 17h00.** Please note the following:

- * We will use a randomizer to offer places on oversubscribed activities. This will take place on 19 & 20 April 2023 and we hope to send out provisional sign up offers for activities on Friday 21 April 2023.
- * **Once activity offers have been made, you will have 48 hours to sign up before a place is offered to the next person on the list.**
- * Please keep an eye on Engage for correspondence about the activities and sign up dates.
- * The school reserves the right to cancel published activities if they do not have sufficient numbers of students
- * **The final day of term will be in school at BPR on Friday 30 June 2023 for all year groups**

Do I need to fill in the survey if I am not going to be in Hong Kong? Yes please. There is an option to let us know that you will not be attending. If you do not fill the form in by the deadline, we will assume that you will not be attending school activities that week.

I am leaving part way through the week. What should I do? Fill in the form accordingly, letting us know the activities that you wish to do when you are in HK

Am I expected to do something every session? No. We understand that there needs to be some flexibility, and so it is ok not to do something every session.

I want to know more about the activity. Please contact the member of staff down as the contact for more details. More will be sent to you once the groups have been finalised.

Our staff have worked hard to put on a full range of activities which will challenge your children in many different ways - physically, academically and socially. We would encourage you to get them involved in a range of activities to make the most of the week.

Mark Williams
Head of Secondary,
International Stream
French International School Hong Kong

Borneo

Date

Sunday 25 June -
Thursday 29 June

Time

All day

Venue

Kota Kinabalu, Borneo,
Malaysia

Cost

HK\$15,000 (approx, TBC)

World Scholars Cup

Date

Tuesday 22 June -
Wednesday 28 June

Time

All day

Venue

BPR Campus

Cost

Students will need to bring along their own lunch or purchase in the school canteen

Maximum Students

60

Teacher in Charge

Jason Chan
jchan@g.lfis.edu.hk

Activity Description

FIS internal World Scholars Cup

This 3 day academic competition will involve learning in a range of subject areas: History, Science & Technology, Arts, Music and Social Studies all based around the Theme of A World renewed. Students will be able to take part in team and individual events in the Scholar's Challenge, the Scholar's Bowl, the Team Debate and the Writing Challenge.

There are Alpacos for everyone, and medals/cups to teams and individuals.

Ideally enter in a team of 3, but we will place you in a team if needed.

This is a great opportunity to get a taste of the real thing before we hopefully start to enter global rounds in 2024!

More Information

* <https://www.ymca.org.hk/en>

Soap (re)Cycling

Date

Wednesday 28 June

Time

9:30 - 15:30

Meet at 9:00am at Kwai
Chung MTR Station

Venue

1704-1705, World Peace
Centre, 55 Wo Tong Tsui St,
Kwai Chung

Cost

HK\$500

Maximum Students

20

Teacher in Charge

Justin Cheong
jcheong@g.lfis.edu.hk

Activity Description

Soap Cycling is a WASH (water, sanitation, hygiene) social enterprise with operations in Hong Kong, Singapore, Philippines and China. They support disadvantaged communities across Asia through a combination of empowerment programs and corporate team building events. Soap Cycling was Asia's first soap recycling organisation. They collect lightly used soap and bottled amenities from hotels that would otherwise go to waste, recycle it, and distribute it to those who need it the most.

Activities include:

* **Soap Recycling Workshop**

At this event, participants will help to reprocess lightly used soaps collected from local and Asian hotels, which will later be distributed to disadvantaged communities in Hong Kong and throughout Asia. Your help in recycling soaps also prevents a significant amount of pollution to our landfills, which means an impact on environmental protection. Volunteers will help with recycling soaps including soap scrapping and hygiene kit packing.

* **Recycled Soap Art Workshop**

At this event, participants will help to make colourful upcycled soaps using soap powders shredded from used soap bars collected from hotels, water and food colorings.

More Information

Theatre Workshop

Date

Tuesday 27 June

Time

8:30am - 4:30pm

Venue

BPR Salle Polyvalente

Cost

HK\$350

Maximum Students

20

Teacher in Charge

Juliette O'Brien

jobrien@g.lfis.edu.hk

Activity Description

Full day working with a professional theatre artist using drama games to explore a theme and collaboratively create an original piece of performance work.

This activity is about devising as an ensemble.

Games are used to explore a particular theme and develop a collaborative working practice. Students share their own ideas and work together to develop their work. The work is shaped under the guidance of the professional artist into something that effectively communicates the students ideas in an original and creative way.

This way of creating drama is about developing agency and voice. You don't need to be a performer to enjoy this process and play based experience.
