EXPERIENCE/AREAS OF EXPERTISE RELEVANT TO THE SCHOOL AND THE BOARD

I am responsible for the strategy and industrialization of BNP Paribas Global Banking business across the Asia Pacific region.

Prior to Asia, I had the opportunity to work on general management activities in Continental Europe, the UK, the US, and MENA, where I led and developed diverse and multicultural teams.

I firmly believe that FIS is a unique piece of heritage that plays a key role in bringing together the community and anchoring French culture in Hong Kong. I am passionate about education, giving back and contributing to the school's future for the benefit of our students.

I graduated from Telecom Paris and HEC Paris' Management & New Technologies curriculum.

Outside of work, I enjoy spending time with my family, playing tennis, hiking, and meditating.

I started my engagement as an FIS Board Director in 2022.

During this mandate, I have chaired the Master Planning Committee and been a member of the following three Committees:
